Dedication

Gardners High School
May 1957

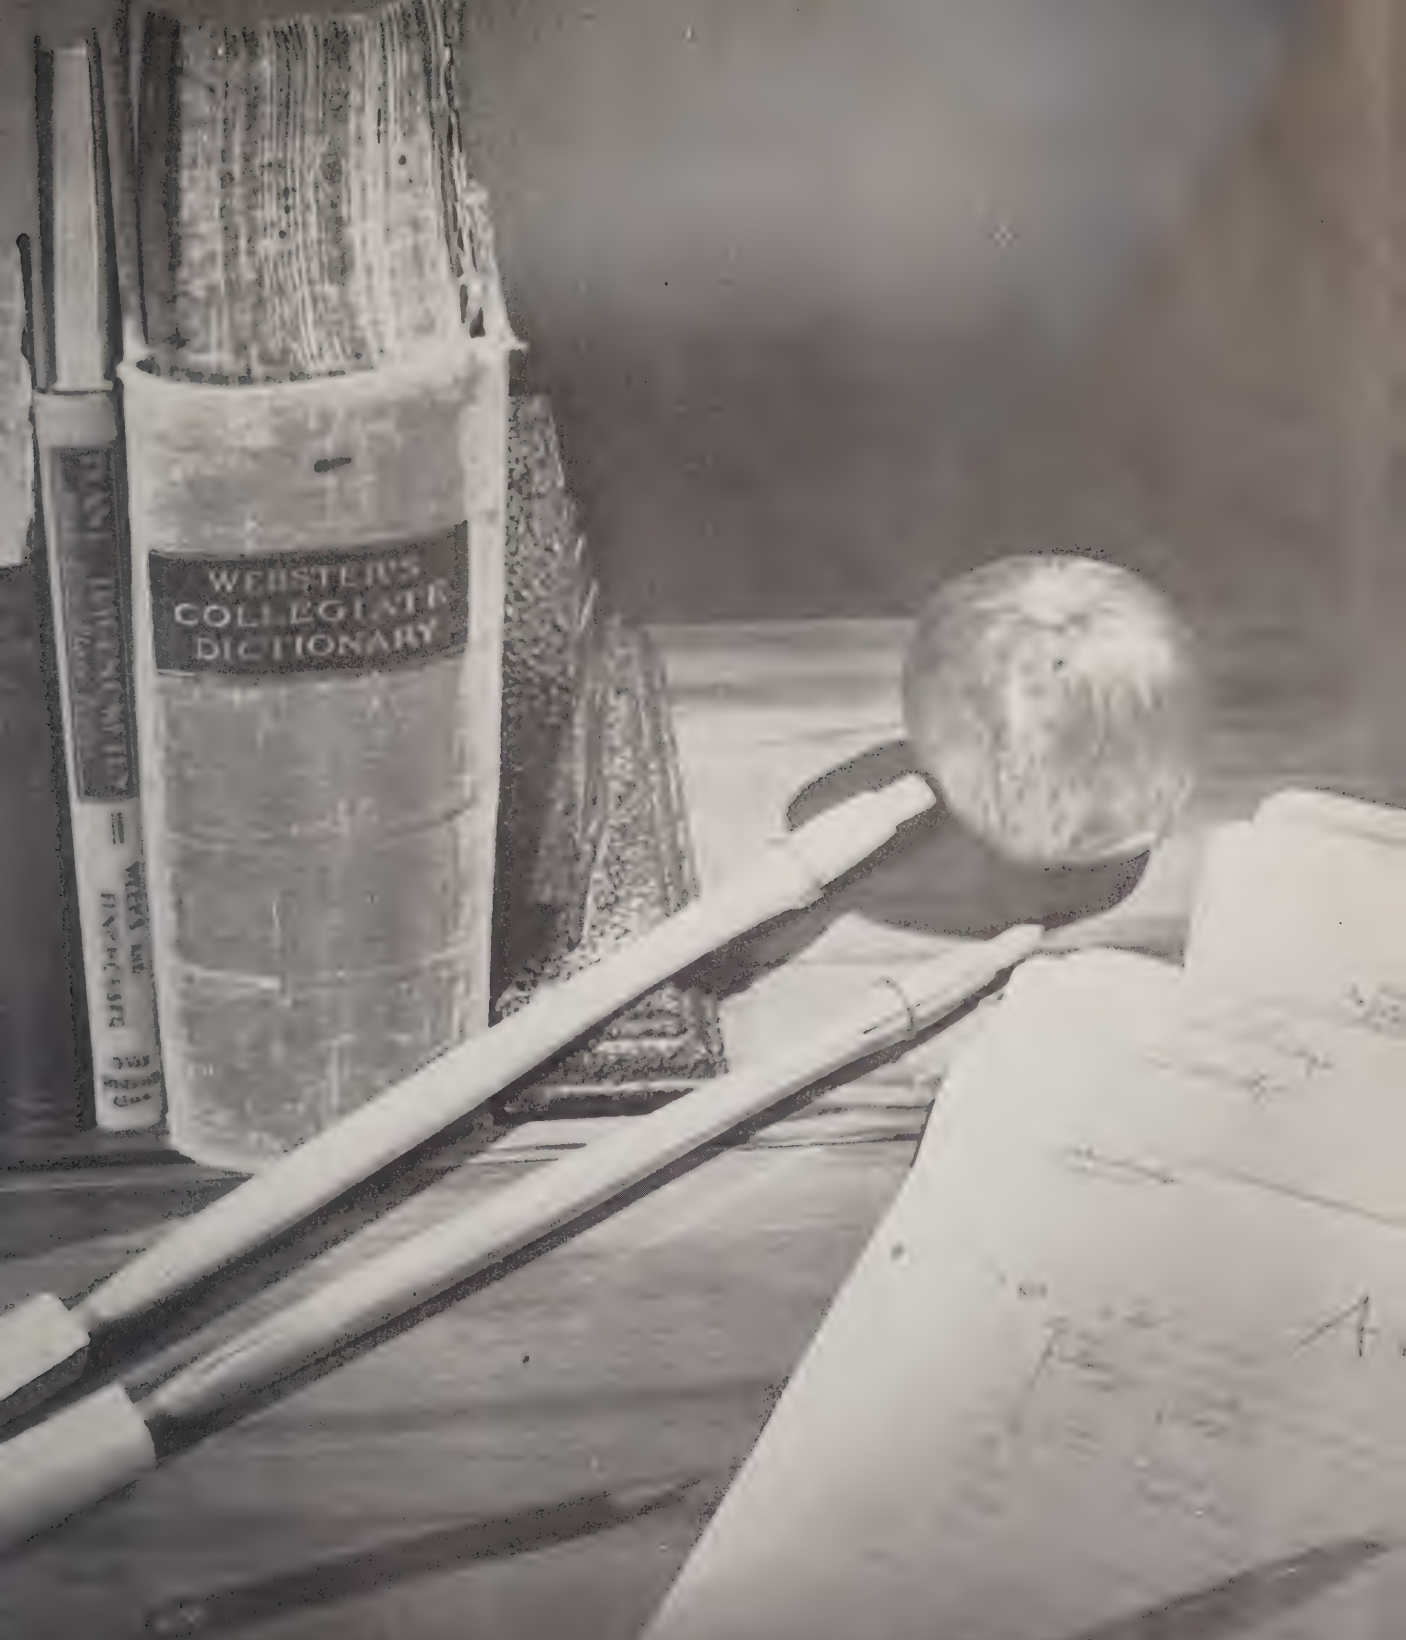

Dear Mother and Dad,
For twelve long years you have encouraged (or prodded as the occasion demanded) me to a successful school life. Only you, with your wisdom, patience, and love could know that sometime in the dim future I would realize just what you had done for me.

I do know now in a small degree that without your untiring efforts I never could have attained this goal along the road of life.

You're has not been an easy task, I'm sure. If I've seemed ungrateful, I know you have forgiven my short-comings because they are the universal faults resulting from youth and inexperience.

To you then, Mother and Dad, this Bright Leaf is dedicated with love and the assurance that you have not labored in vain. Your inspiration has led me thus far and points to a future limited only by my own ambition.

With love,

Congratulations and many thanks to a fine group of students for a job well done. Through your hard work and cooperative efforts you have captured here something of the spirit of our school and campus life. May these pages stand out not only as a monument of your outstanding contribution, but may they also serve as an inspiration to those who follow.

The world needs leaders more than ever before, and it demands a high degree of competency from the youth of today. Consider your present assignment and the future seriously, and make certain that you obtain the most from your present opportunities.

Best wishes,
